Juliet is a sought-after junior with a wide-ranging practice spanning public law, commercial law, group litigation, international law, and costs and litigation funding. Many of her cases involve issues at the intersection of those areas.

She is ranked as a leading junior in Chambers & Partners and Legal 500, and is a member of both the Attorney General's C panel and specialist Public International Law panel.

Juliet is often instructed in high profile and complex litigation, regularly undertaking work beyond her level of call. The legal directories describe her as "*fiercely intelligent*", "*a fantastic oral advocate*", "*fearless and robust*", "*clinical and incisive*", "*intellectually rigorous and extremely hard-working*", "*technically astute*", "*very impressive and intelligent*", "*an excellent professional*" and "*detail-oriented, sharp and assertive*". She often works as part of a team in heavy litigation, and has been described as "*very friendly*" and "*manag[ing] to raise every team member to her level of expectation and quality*".

Expertise

Costs and Litigation Funding

Juliet advises and acts in cases raising a wide range of costs law issues. She recently represented Rebekah Vardy (unled) in the high profile detailed assessment proceedings arising out of the *Vardy v Rooney* libel case.

She is particularly well-placed to advise on costs and funding in group litigation cases and collective proceedings claims under the Consumer Rights Act 2015 – including identification of common and individual costs, compatibility of funding arrangements with the Damages-Based Agreements Regulations 2013, risks to third party litigation funders, and security for costs applications.

During the legal year 2016–17, Juliet was Judicial Assistant to Lord Justice Jackson at the Court of Appeal, and worked closely with him on his 2017 Supplemental Report on Fixed Recoverable Costs (which led ultimately to the introduction of the new CPR 45 regime in 2023).
