Expertise

Commercial Litigation

Nigel has substantial experience representing both employers and employees in matters of business protection both advisory and in litigation in relation to enforcement of restrictive covenants, misuse of confidential information, team moves, springboard and related injunctive relief and unlawful competitive activity. Much of this work relates to reaching a resolution of the issues at an early stage of litigation or at the pre-action stage.

Examples of recent work:

Advising a London solicitors firm in relation to a "team move" of a substantial number of solicitors to a competing firm.

Advising a large recruitment business in relation to enforceability of covenants of departing employees and removal and recovery of confidential information.

Acting for a group of employees who set up a competing business in claims for injunctive relief, delivery up, springboard relief, breach of confidence and damages.
